Northhome Comfort Windows

W.&W. T., Spy Hill Windows installed April 6 & 7, 1998

"The Northhome Comfort Windows sales person was very helpful in the sales interview. It was apparent that his goal is satisfied customers. Installation was quick and professional. The benefits are warmer house in winter, cooler in hot weather, no frames to paint, easy to clean, and improved appearance of house."

Comments 10 Years Later: "There has never been any condensation in 10 years. Yes, It was a good investment!"

Comments 15 years later: "The best thing about our windows is that there has been no condensation on the windows for the full 15 years. These windows were a good investment."
