Northome Comfort Windows

G & E. D, Canora Windows Installed April 14, 2016

"The reason we purchased Northome Comfort Windows is their reputation for having good quality windows, fast service, excellent work done and excellent clean up. The sales rep gave us excellent advice and looked after our needs. On installation day, the crew arrived on time, worked very well together, were very friendly, cleaned up neatly and were very professional. Northome gave us very excellent service. We would recommend Northome to anyone."
