**Northhome Comfort Windows**

## A.&M. C., Pilger Windows installed July 14, 2000 & June 11, 2007

“We are thoroughly pleased that we replaced all of our windows with Northhome Comfort Windows. Windows installed in 2000 are just as great today as when installed. Our new windows look neat, are easy to open and easy to clean. The installation crew deserves a #1 rating. They were very professional, friendly, fast working and clean up was amazing. If we had it to do over again, we'd do every window in the house at one time.”

Comments Fifteen Years After 1st Installation: "Our 15 year old windows are still as good as when they were installed. How are you able to improve a company that is already highly recommended by us? Keep up the great professionalism."
