Northhome Comfort Windows

B.&E. W., Porcupine Plain Windows installed November 14, 2002

"They are worth every penny. Would recommend Northhome Comfort Windows to anyone needing to replace windows. I was dreading having windows replaced in the winter but your crew worked quickly and took away my anxiety. The tinting gives us privacy and they have to make a difference on our energy bills."

Comments 5 years later: "Definitely a good investment. If we had to do it over again we would do everything the same. Couldn't wish for a better product or service. Very easy to clean and care for, always warm – clear inside in the winter."

Comments 10 years later: "The best thing about our windows is that they are easy to clean – you can clean the inside even in winter. Your products and services are the best. I wouldn't change a thing."
