Northome Comfort Windows

B.&G. Z., Preeceville Windows installed September 23 & 24, 2008

"We purchased Northome Comfort Windows because the windows could be purchased and installed by the same company. The best thing about our new windows is the silence! No outside noise. The sales agent to the office staff and all telephone and written communication to installation were excellent. The installation crew – those guys could come to our house anytime, even for a visit."

Comments One Year Later: " The best thing about our new windows is the silence. We live on a busy street and used to get a lot of traffic noise. Now we hardly hear any. The windows are a lot warmer in the winter and the house stays cooler in summer. The windows were worth every penny. Very professional from start to finish. Well done!!"
