Northhome Comfort Windows

A.&T. B., Rama Windows installed December 5, 2012

"The one reason why we purchased Northhome Comfort Windows was reputation. The sales agent was very informative and easy to understand. The office staff were very polite and helpful. The installation crew was great – very friendly and we were impressed how quickly they had the project completed. Cleanup was awesome – I think our house was cleaner after they left! We are very happy with the service from start to finish. Even though new windows are pricey, they are worth every penny. We noticed the difference instantly – our rooms stay warm!"

Comments one year later: "The benefits of our new windows is that they look great, are easier to clean, keep the house cooler in the summer and are saving us a lot of money on our heating bill."
