Northhome Comfort Windows

T.&C. H., Regina Windows installed June 2012

Comments 1 year later: “The best thing about our windows is the performance. The quality & installation is second to none! What gave us the most satisfaction, is knowing that we found out about Northhome before going with someone else. The sales meeting is what sold it. In the first 5 minutes you had told us 5 things that the ‘other guys’ didn’t even talk about. Keep doing what you do!”
