Northhome Comfort Windows

T.&E. J., Ridgedale Windows installed April 2, 2008

"We purchased Northhome Comfort Windows because of the positive comments we heard from others. The appearance is very nice and the finished frame, so there is no painting to be done. The sales agent was very pleasant and informative as well as easy to understand, explaining everything very well. Installers were very friendly, very satisfied with the work and clean up. The quoted price was the price paid."
