Northhome Comfort Windows

V. D., Canora Windows installed March 19, 2010

“On installation day the crew was very professional and clean up was very good. The sales agents were pleasant and informative.”

Comments one year later: “The best thing is that the windows look very good and are maintenance free. They benefit me in the way that in the summer the house is cooler and I use less heat in the winter. I think the windows give very good value for the money invested. I am a very satisfied customer.”
