## A. P., Margo Windows installed September 7, 2010

“On installation day, I was HIGHLY IMPRESSED – they all worked hard, fast and efficiently – everyone knew their job and did it. I really appreciate your rapid response and installing as soon as possible. Thanks.”

Comments one year later: “The best thing about my windows is they look beautiful. In my opinion they are excellent value invested. They added value and beauty to my house, their efficiency has already made a difference in heating. The sales interview was informative and pleasant and the installation was impressive especially the clean-up!! The windows have performed better than anticipated. It has been a totally pleasant experience. Thanks.”
