

Northome Comfort Windows

W.&B. M., Yorkton Windows installed August 10 & 11, 2005

"Superior product! No need to paint and so easy to open and close. The installers were like a group of very well organized little bees buzzing around. No mess left at the end."

Comments 5 Years Later: "What we like most about our windows is that they are very nice looking, blocks a lot of street noise, easy to clean. We've never been sorry for putting in Northome windows."
