Northhome Comfort Windows

B.&J. M., Young Windows installed November 18, 2004

"Sales presentation was very thorough and relaxing. Installation was courteous, careful to clean up, and completed in one day as promised."

Comments after 5 years: "What gives us the most satisfaction is the warmth in the winter, reflective & cooler in the summer & it is nice to have windows that open & close easily. We are still very satisfied with the product & service."

Comments 10 years later: "The best thing about our windows is that they improve the heat retention in the winter & are cooler in summer. The windows were a good investment – we bought the best windows we could & have no complaints."
